Job Description:

We are seeking a **Software Engineer** for our R&D department in Vittorio Veneto (TV) with a focus on Mobile and Web applications development, implementation and improvement of AI and ML solutions.

You will join the development team responsible for maintaining and improving our web portal for Key System Solutions for Residential and Automotive markets. You will be part of an international team and work closely with Product Development, Project Management, and Business Strategy departments. We develop our solutions following Agile Methodology.

Your main tasks:

- Develop software based on the .NET 8 framework.

- Define standards and best practices for software and mobile application development (Android, iOS, NoSQL databases).
- Develop mobile solutions for our platform and implement AI strategies.

REQUISITI

Corsi di laurea richiesti:

- Informatica
- Internet of things, big data, machine learning
- Internet of things, big data & web
- Artificial intelligence & cybersecurity
- Comunicazione multimediale e tecnologie dell'informazione
- Data science and scientific computing
- Informatica 2

REQUISITI PREFERENZIALI

Nice to Have:

- Experience with Angular for front-end development.
- Knowledge of JavaScript and HTML5.
- Experience with Agile Project Management Methodologies.

REQUISITI LINGUISTICI

- Professional proficiency both in Italian and English.

REQUISITI TECNICI/INFORMATICI

- Experience in mobile software development
- Operating Systems: Microsoft Windows, Android, iOS.
- Microsoft .NET Framework.
- Proficiency in C# and Python.
- Basic skills in Microsoft SQL Server and NoSQL databases.
- Knowledge of Microsoft Azure
- Basic knowledge of Machine Learning methodologies.

ATTITUDINI E SOFT SKILLS**Who We Are Looking For:**

We seek a junior software developer with an innate sense of curiosity and a strong interest in continuous learning and innovation. The ideal candidate should be organized, able to pursue targets autonomously, and oriented towards customer satisfaction and user experience.
