INQUADRAMENTO PREVISTO

4 Wochen

MANSIONI

YOUR JOB

Period: 4 weeks between August and September 2026

As an intern, you will support **investment projects** in an industrial environment and gain hands-on experience. You will assist with kiln overhauls, installation of conveyors and filtration systems, contractor coordination, and project documentation. Working closely with experienced managers, you will gain **practical insight** into real-world industrial projects.

YOUR TASKS

- **Support** the planning, coordination, and execution of investment projects
- **Assist** with overhaul, installation, and maintenance activities in lime production (e.g. kiln, conveyors, filtration systems)
- **Coordinate** with external contractors and support production and site management in daily operations
- **Monitor** project progress and prepare basic reports and technical documentation
- **Conduct** technical research related to ongoing investment activities and support compliance with safety, environmental, and quality standards
- **Participate** in on-site inspections and help resolve operational issues

YOU GET

- A unique internship position
- A top salary of at least 1.600 euros (net./respective equivalent)
- A huge kick-start for your career
- Travel and accommodation costs are covered

REQUISITI

Corsi di laurea richiesti:

- Scienze per l'ambiente e la natura
- Ingegneria civile e ambientale (ex ingegneria civile)
- Ingegneria gestionale
- Ingegneria industriale per la sostenibilità ambientale
- Ingegneria meccanica

REQUISITI PREFERENZIALI

YOUR SKILLS

- Strong interest in industrial processes, production, and project management
- Structured, analytical mindset with good **organizational skills**
- **Team player** with strong communication skills
- **Currently pursuing technical studies** (e.g. Mechanical Engineering)

REQUISITI LINGUISTICI

Fluency in English; Croatian is a plus
