MANSIONI

Start an exciting development journey and become part of a forward-looking organization, where innovation is in our DNA and people are our true competitive edge. Passion, Innovation, Entrepreneurship, and Knowledge: that's what our Graduate Program will offer you!

The Program

The program lasts 20 months and includes 3 Job Rotations. You will have the opportunity to choose from 3 career tracks to shape your professional journey:

- STRATEGIC GOVERNANCE & DIGITAL DEVELOPMENT

The track for those who thrive Vision; starting from innovation, you can imagine tomorrow's market and contribute directly to corporate governance by working on high-impact strategic goals and projects. Career areas: Strategic Development, Mergers & Acquisitions, Human Resources, Finance & Administration, Planning & Control, Digital Finance, TS Pay, Small & Micro Business.

- R&D & IT GOVERNANCE

The track for those who thrive on technological innovation, its application, and constant evolution.

Career areas: R&D, IT, Cloud Factory.

- SYSTEM INTEGRATION & PRODUCT MARKETING

The track for those who believe digitalization is the key asset driving Italy's growth and want to play an active role in its development and widespread adoption.

Career areas: Marketing, Delivery Governance, and Business Unit PMO.

What We Offer

Once you successfully complete the selection process, you will receive a permanent contract from day one.

You will embark on a tailor-made Job Rotation program designed to provide you with a solid foundation and meaningful exposure to different areas of the business from the very beginning.

Throughout the program, you will work closely with experienced managers and professionals, gaining hands-on experience and practical insights into how the organization operates.

We believe that meaningful growth requires time, commitment, and real-world experience. For this reason, the program is supported by continuous mentoring and regular feedback, helping you progressively strengthen your skills and consolidate your professional capabilities over time.

Applications from other backgrounds are also welcome.

The next start dates are scheduled for May and October.

This job posting is open to candidates of all genders (Italian Legislative Decree 198/2006).
